DETAILED ACTION

Continued Examination Under 37 CFR 1.114

5 1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on April 12, 2004 has been entered.

10

Amendment

2. Receipt is acknowledged of the amendment filed on April 12, 2004. In the amendment claims 1 and 4 were amended, and claims 8-10 were newly added. Currently, claims 1-10 remain for examination.

15

Allowable Subject Matter

3. Claims 1-10 are allowed.

4. The following is the Examiner's statement of reasons for allowance: the claims are directed at a data carrier, particularly in the embodiment of a smart card. The card is comprised
20 of having a plurality of asynchronously operating logic components; at least one contactless interface which received power from the reader/writer for read/write operation; a supply voltage generator to distribute the received electrical energy to the plurality of asynchronous operating logic components. The supply voltage generator distributes different magnitudes of energy to different asynchronous operating logic components to adjust speed of operation of the

asynchronous operating logic components. It is the Examiner's view that cited references, taken alone or in combination, fails to teach or fairly suggest a particular data carrier wherein different power magnitude is distributed to a plurality of asynchronous operating logic components as set forth in the claims.

5 Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
